

AFF JACK SPECIAL

\$699.99*

Part #INT565F & #INT7685

American Forge & Foundry (AFF) Axle Jack:

22 Ton Capacity, Air/Hydraulic, Spring Return w/ 3 pc Ext Kit & 2 pc Handle

with a **FREE** Air Impact Wrench:

1" Drive - 1/2" NPT Air Inlet - 1,912 ft/lbs Maximum Torque

- Dual Return Springs/High Speed Air Motor Overload Bypass American Forge & Foundry's Axle Jacks are engineered to withstand the extreme conditions of all heavy-duty applications including roadside service, fleet maintenance, agriculture, military sectors, and much more.
- Designed for heavy duty truck and trailer shop use, rail and bus work and roadside service calls.
- Includes 3 heat treated extensions (3/4", 2-3/4", and 4") for a wide range of lifting options.
- Two Piece handle Included.
- High-speed air motor design advances ram to load faster, for quick and more efficient operation. Operates at 90-180 PSI.
- Narrow Chassis design fits easily between tandem wheels. Large, 8" diameter rubber wheels for easy maneuverability.
- Fully welded hydraulic pump and cylinder construction provide superior strength and leak prevention. Pump, ram, and cylinders are precision machined and inspected to ensure long service life and superior performance.
- Chrome plated ram offers additional rust resistance.
- Wiper seals protect hydraulic system from contaminants.
- Overload and bypass safety valves prevent the jack from being used beyond its rated capacity and ram over extension.
