As we work through this unprecedented challenge facing us all, remote communication has become more important than ever. In order to help you safely and effectively manage your fleets during this critical time, International Truck is offering all customers six complimentary months of access to International 360*, our new industry-leading online service communications and fleet management tool.

International 360 allows customers to monitor the status of vehicles in repair, initiate service requests, communicate instantly with your dealer service team, view vehicle health through integrations with over 27 telematics providers, and offers many more tools to help you maximize uptime and manage the health of your all-makes fleet.

Provide Customer De				LAST AS 1-2-3.	
Company Name:
