

YOUR SAFETY MATTERS

Peterson Trucks takes pride in ensuring that your truck is clean and ready for your use. In light of the COVID-19 (Coronavirus) outbreak, we'd like to inform you of all the additional steps we're taking to ensure we continue to meet your needs while doing our part to keep your drivers and customers safe.

We've enhanced the techniques used to clean our vehicles. Additional focus will be placed on cleaning the following interior and exterior touchpoints with soap and water:

- ▶ Door handles and latches
- ▶ Steering wheel
- ▶ Gearshift
- ▶ Seatbelt Buckle
- ▶ Window and mirror controls
- ▶ Seats
- ▶ All interior hard surfaces

In addition, we are taking steps to ensure the welfare of our employees. Any employees feeling ill have been instructed to remain home and consult their healthcare providers. We are also ensuring that all employees follow best practices for hand washing duration and frequency.

These protective measures have been implemented with everyone's wellbeing in mind. We thank you for continuing to do business with us through this challenging situation, and we will continue to provide you with the same excellent service you've come to expect.
