

Back it up in our **HX SERIES DUMP TRUCKS!**

With the industry's only available 3.5 million RBM 0.5" huck-bolted single rail frame, driver-friendly compact hood and set-forward front axle built to tackle stringent axle weight restrictions with optimal maneuverability, it's safe to say the HX Series more than delivers.

Come by today, and let Peterson Trucks be your full service trucks provider. With locations throughout Northern California and Oregon, we're here to serve you.
